AGRICULTURAL LAW

Surrounded by farmland, we have been advising the local farming community since 1819.

Today, we act for land owners and farming clients throughout the region, having acted for many families for generations.

Whether you own an acre of hobby land or hundreds of acres of farm land, obtaining the best advice is essential if you are to make the most out of your investment.

Working in tandem with your land agent where required, we provide straight-talking advice when it's needed.
